

(May Peace & Blessings Of Allah(swt) Be On Us All)
Exploring Sings of God

وَفِي الْأَرْضِ آيَاتٌ لِّلْمُوقِنِينَ 51:20 وَفِي أَنفُسِكُمْ أَفَلَا تُبْصِرُونَ 51:21

اور یقین کرنے والوں کے لئے زمین میں (بہت سی) نشانیاں ہیں 51:20

اور خود تمہارے نفوس میں تو کیا تم دیکھتے نہیں؟ 51:21

and on Earth there are signs (of God's existence)
visible to all who are endowed with inner certainty,51:20
and (also) in your own selves. Can you not then see?51:21
[Al-Quran Chapter 51 Verses 20 & 21]

there are many who have Questions about God
most of them deny existence of God because they can't see HIM

Quran invites all of them
to read about the signs of Allah(swt) on the earth and within themselves

from the big bang to embryological shape of humans
from the extinction of sun and moon and the stars and the black holes
to depths of oceans and barrier in sweat and salty waters
to functions of mountains and services of honey bees
everything that Quran tells is 100% right

those who deny God because they don't see HIM
should try to see themselves first

don't see your hands and feet, this is not you
this is all matter and you are the one who is moving these body parts
these body parts will be one day left behind and will be buried or burnt
because you will not be there to move them

if you can't see yourself while you know that you are there
then why you insist to see God
why can't you know HIM while it is proven to you by signs
